LEGEND:

CANCELLATION: Per the language in the President's Budget, projects with "Of the funds previously made available for construction...all amounts that remain unobligated as of the effective date of the Act are hereby cancelled."

RECONNAISSANCE STUDIES: Studies leading to identification of a feasible project to carry into more detailed studies; since 1986 this has been a "seamless funding" into a Feasibility Study, and required a Letter of Intent from a local sponsor.

ONGOING CONSTRUCTION: Projects that were under construction and received appropriations in FY04, and had a signed contract between local sponsor and Federal government, usually a Project Cooperation Agreement (PCA).

SHORE PROTECTION RENOURISHMENT: Projects which were not under construction in FY04, but were scheduled for periodic renourishment in out years, and had a signed contract between local sponsor and Federal government, usually a Project Cooperation Agreement (PCA).

PRECONSTRUCTION ENGINEERING AND DESIGN: Projects that were in the pre-construction phase of engineering design leading to construction, and received appropriations in FY04, and had a signed contract between the local sponsor and Federal government, usually a Preconstruction engineering and design Agreement (PED).

FEASIBILITY STUDIES: Studies leading to an authorized project for design and construction, and received appropriations in FY04, and had a signed contract
