ANCA GENOCIDE OBSERVANCE ON CAPITOL HILL – SPECIAL INSERT

Over 50 Members of Congress Attend ANCA Capitol Hill Armenian Genocide Observance

San Diego Representative Bob Filner with Congressional staffer Tsoghig Margossian and ANCA Western Region Director Ardashes Kassakhian.

Bob Filner (D-CA): Hitler said, "Who today remembers the Armenians?" Well we do. We remember the Armenians. And as long as we remember the Armenians, we have a chance to make sure that genocide is not committed again in this world. It is the understanding, the knowledge, the horror, the confrontation with the demons in us that we have to have as a world, we have to have as a people. And we can make this 21st century one of peace and not of war, if we do remember the Armenians.
