SUPPORT THE PROTECTION OF ALL PROPERTY RIGHTS
Co-Sponsor H.J. RES. 94 - The Founding Fathers' Property Rights Resolution

"The true foundation of republican government is the equal right of every citizen in his person and property and in their management." – Thomas Jefferson

Dear Colleague:

All too often, Congress and the federal government have failed to protect the constitutionally guaranteed physical and intellectual property rights of Americans, as intended by our founding fathers.

Please join me in becoming a co-sponsor of H.J. RES. 94 - the 'Founding Fathers' Property Rights Resolution. H.J. Res. 94, the "Founding Fathers' Property Rights Resolution" states, in a clear and straightforward manner, the intentions of the founding fathers when penning Article 1, Section 8, and the Fifth Amendment of the Constitution.

This resolution - which contains quotations from Jefferson, Madison, Adams, Locke, and others - affirms Congress' support of Article 1, Section 8 and the Fifth Amendment of the Constitution. H.J. RES. 94 serves as a reminder to all Members that they have sworn or affirmed to defend the Constitution, not a perverted version of the Constitution. In order to achieve the Constitution's first stated goal, to "form a more perfect union," property rights must be protected and this resolution will reflect which members support this fundamental right.

Furthermore, this resolution contains the fundamental basis upon which I established the Property Rights Action Caucus "PRAC" and serves as an open invitation for membership to any Representative who supports the quotes and ideals therein. I strongly urge all members of the House to co-sponsor H.J. RES. 94 and join PRAC in our continuing fight to protect private property in the United States.

Please contact Stephen Kraly (202-225-4101 or stephen.kraly@mail.house.gov) if you would like to be a co-sponsor of H.J. RES. 94, the "Founding Fathers' Property Rights Resolution" or if you would like to become a member of the Property Rights Action Caucus.

Respectfully Yours,

Paul C. Broun, M.D. (GA-10)
Member of Congress
