Congressman

TEXAS CONGRESSIONAL DISTRICT 10

## Know your representative: Congressman Michael McCaul

Dear Texas Neighbors,

It's an honor and privilege to represent the residents of the 10th Congressional District of Texas. As we begin the 109th session, I am working to provide you with the best possible representation and constituent services. I have assembled a great team and, together, we plan to listen & respond to your concerns.

I'm learning the way Washington works and fighting to pass the agenda of President Bush. I will approach America's problems with fortitude and faith to make hard decisions to protect the next generation of Americans.

I know that our federal government can be slow to your concerns, so please let me show that we will fight on your behalf to resolve any issues you have with the federal government. Please join me during my "Open House Tour" (dates & times listed to the right) and let me show you how my office can help.

I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink that reads "Michael T. McCaul".

Michael McCaul

## Fighting for our Security

As one of only four freshmen Congressmen chosen to serve on the House Committee on Homeland Security, I have no more solemn duty than the protection of the American people. Protecting our borders and bringing terrorists to justice are tasks I will meet head on.

I supported key measures demanding a higher standard of a person's identity before a license is issued. It won't happen overnight, but we need to ensure that those who hate freedom and democracy are stopped cold at our borders. We must also continue to examine new innovative ways to protect our economic infrastructure, Senator John Cornyn and I have worked closely together to ensure that vital economic engines like the Houston Port receives all the resources needed to protect them from agents of terror.

The War on Terrorism and America's security is dependent on our actions both at home and abroad - that is why I co-sponsored the Emergency War Time Supplemental Act providing the needed resources for our brave soldiers in Iraq and Afghanistan. While they battle our enemies abroad, I will continue to fight diligently to guarantee that America addresses new dangers at home with firm resolve and Texas-style common sense.
