Co-sponsor HR 4611:
Require Mandatory Greenhouse Gas Reporting!

Dear Democratic Colleague:

Voluntary Reporting Programs Don't Work:

A Decade of Voluntary "Reductions"
U.S. Emissions of the Six Main Greenhouse Gases (1990-2000)

Emissions in each year are shown relative to 1990 levels.
Data source: 1990-1999, U.S. EPA; 2000, U.S. DOE

Source of Graph: Natural Resources Defense Council

After a decade of voluntary reporting and "reductions", greenhouse gas emissions have increased by 13.6%.

HR 4611 will allow us to accurately track GHG emissions, set targets, & encourage immediate action.

To join us in cosponsoring this legislation, please contact us, or have your staff contact Abbie Meador in Rep. Olver's office at 5-5335.
