## **Shuster Secures \$49,000 for the Conemaugh Township Community Center**

*Washington, D.C.* –**Congressman Bill Shuster** is pleased to announce that he has successfully secured \$49,000 in the Omnibus Appropriations Act for improvements to the Conemaugh Township Community Center.

The \$49,000 will be used to rehabilitate an aquatic recreational facility at the center that serves special needs children in the region. The facility was originally built in 1964, and has seen little enhancement since. Specifically, funding for this project will allow for critical updates to the recreational facility so that it meets ADA requirements and is better suited for special needs children.

“The Conemaugh Community Center does a fantastic job serving special needs children throughout the community,” Shuster said. “Aquatic recreation provides great exercise and offers excellent therapeutic benefits.”

“This announcement is great news for Indiana County and will allow the community center’s staff to update its facilities to meet Federal ADA requirements and better meet the needs of the children they serve.”
