Spratt Announces Export Assistance Grant

WASHINGTON – U.S. Rep. John Spratt (D-SC) announced today that the South Carolina Export Consortium has won a \$119,105 grant from the Appalachian Regional Commission. Spratt said the award will allow the consortium to expand its export assistance program for small and medium-sized businesses in several counties, including Cherokee.

Specifically, the consortium plans to help new companies prepare international marketing plans; provide foreign language translation of marketing materials and develop multilingual web sites; and connect companies with trade shows.
