### **Rock Hill Awarded Grant**

WASHINGTON – The city of Rock Hill has been awarded a community development block grant from the U.S. Department of Housing and Urban Development, according to U.S. Rep. John Spratt (D-SC).

Spratt said the \$556,000 grant can go toward housing rehabilitation, affordable ownership opportunities, and public facilities upgrades.

“This Community Development Block Grant is a good example of how the federal government helps out at the local level,” Spratt said. “I am pleased Rock Hill won the money.”
