Pageland Awarded Loan and Grant for New Community Center

WASHINGTON – U.S. Rep. John Spratt (D-SC) announced today that the town of Pageland has been awarded a federal loan and grant for construction of a new 12,800 ft. multi-purpose community center at Conbraco Park.

“This facility will serve the citizens of Chesterfield County in and around Pageland,” said Spratt, “and will be used to host a variety of events. It will be a big plus for the community. I’m pleased the money was approved.”

The \$408,600 loan and \$50,000 grant, from the U.S. Department of Agriculture, cover over half of the estimated \$850,000 total cost of the project. The town has committed \$400,000 toward the facility.
