Spratt Announces Water/Sewer Loan and Grant

WASHINGTON – U.S. Rep. John Spratt (D-SC) announced today that the Town of McBee has been awarded a federal loan and grant to overhaul the town's water and sewer system.

The \$1.4 million loan and \$721,000 grant from the U.S. Department of Agriculture will be used to clean and paint storage tanks, replace existing waterlines and meters, and build new lime and chlorine treatment facilities.

"This is great news," said Spratt, "and a good example of how the federal government helps out at the local level. The upgrades funded by this grant will boost the economy by making it easier for the community to attract industry and jobs."
