# CONGRESSMAN PETE STARK IS WORKING TO KEEP AMERICA ROLLING

From the Desk of  
CONGRESSMAN PETE STARK

Dear Friend,

As we continue to struggle with new threats at home and abroad, I understand that the condition of our economy affects everything from the strength of our nation to the well-being of our own families. I have always supported economic measures that help working families. Now, we need to step up our efforts to keep our economy rolling – in the Bay Area and throughout America. I hope you'll join me at my town meetings on Saturday, December 8 to share your thoughts.

Sincerely,

*Congressman Stark discusses local issues with constituents.*

### Working to Strengthen the Economy

I have opposed legislation that gives new tax breaks to wealthy corporations. Instead, I am working on extending and expanding unemployment insurance and other measures that directly benefit workers who are suffering the economic effects of the recent attacks.

### Prioritizing Health Care

Particularly during this economic downturn, a loss of health insurance can spell disaster for families and seniors on tight budgets. That's why I am fighting to expand COBRA health benefits for workers who have lost their jobs and to protect and improve Medicare so that it provides the benefits older Americans need – including prescription drugs. While we confront all the new challenges facing our nation at home and abroad, I am working hard to make sure that critical domestic issues, like health care, stay on the front burner in Congress.

**JOIN PETE STARK
