*Making a
Splash*

CONGRESSMAN PETE STARK IS *Making a splash* TO PROTECT OUR ENVIRONMENT

Protecting our environment has always been one of my top priorities, and a goal with which most Californians can agree. The Bush Administration continues to roll back basic protections for our environment and our health. In Congress, I work to stop these dangerous rollbacks, and to pass legislation that ensures a healthy environment for generations to come.

STANDING UP TO CORPORATE POLLUTERS TO PROTECT CLEAN AIR

The Bush Administration is adopting new rules allowing dirty smokestack industries to increase toxic pollution. I am fighting these dangerous policies at every turn. I support higher fuel efficiency standards for SUVs and cars, and am co-sponsoring legislation to reduce greenhouse gases that lead to global warming.

WORKING TO KEEP OUR WATER CLEAN AND SAFE

In the past two years, the President has cut EPA funding for enforcing the Clean Water Act and eliminated rules that limit water pollution. I am cosponsoring legislation to protect waterways and wetlands from corporate polluters.

STOPPING OIL DRILLING ON OUR COASTS AND IN THE ARCTIC

We must preserve the pristine nature of our coastline, wilderness and public lands. I recently voted to protect California's coast and the Arctic National Wildlife Refuge from harmful oil drilling and will continue to advocate for permanent protection of the Arctic Refuge, one of America's last great wilderness areas.

Please join me at a town meeting on May 17th to discuss how we can better protect our environment for our children and grandchildren.

Congressman Pete Stark talks with San Leandro High School students about preserving our environment for future generations.

JOIN CONGRESSMAN PETE STARK ON SATURDAY, MAY 17 FOR A TOWN MEETING

9:00–10:00 AM ALAMEDA

City Hall, City Council Chambers
