## SECTION C – DESCRIPTION/SPECIFICATIONS/SCOPE OF SERVICES

### C.1 BACKGROUND

The United States House of Representatives (House), Office of the Chief Administrative Officer (CAO), is issuing this solicitation to the open market pursuant to Section III (F) of the Guidelines for Procurement of Goods and Services for the U.S. House of Representatives (Procurement Guidelines), Competitive Proposals (Negotiated Contracts). The Procurement Guidelines are available on the House website, [www.house.gov](http://www.house.gov), Doing Business with the House, under Additional Resources. Procurements by the House are not governed by the Federal Acquisition Regulation (FAR) or other procurement statutes, regulations and policies applicable to the federal executive branch, except where specifically stated in this solicitation or applicable law.

Failure to meet delivery/completion dates shall relieve the House of any obligation to accept and pay for any such goods, equipment and/or services at the option of the House and without liability.

### F.5 SUSPENSION AND DEBARMENT APRIL 2013

- a. Policy. The House will solicit offers from, award contracts to and consent to subcontracts with responsible contractors only. The prime contractor is responsible for vetting its subcontractors. - b. Causes for Suspension and Debarment. The House may suspend or debar a contractor suspected, upon adequate evidence, of:
  - i. commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract;

<b>Solicitation</b>	<b>Document No.:</b> OAM19015S	<b>Document Title:</b> Archiving System	<b>Page 10</b>
---------------------	-----------------------------------	--------------------------------------------	----------------

18 of the United States Code; (B) violation of the civil False Claims Act (31 U.S.C. 3729-3733); or (C) significant overpayment(s) on the Contract; or

- vi. commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of the Government contractor or subcontractor.

Indictment for any of the causes listed above constitutes adequate evidence for suspension and/or debarment. The House may, upon adequate evidence, also suspend a contractor for any other cause so serious or compelling a nature that it affects the present responsibility of the Government contractor or subcontractor.

- c. Suspension. If suspended, the Contractor is temporarily disqualified from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, pending the completion of an investigation and any ensuing legal proceeding(s).
  - i. *Procedures*. The Contracting Officer initiates suspension and debarment proceedings. If the Contractor and any specifically named affiliates are suspended, the Contracting Officer shall advise the individual or company immediately by certified mail, return receipt requested:
    - 1. that the individual or company has been suspended and that the suspension is based on an indictment or other adequate evidence that the Contractor has committed irregularities: (A) of a serious nature in business dealings with the House; or (B) seriously reflecting on the propriety of further House dealings with the Contractor. Any such irregularities shall be described in terms sufficient to place the Contractor on notice without disclosing the House's evidence;
    - 2. that the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue;
    - 3. of the cause(s) relied upon for imposing suspension;
    - 4. of the effect of the suspension; and
    - 5. that, within thirty (30) calendar days after receipt of the notice of suspension, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the suspension, including any additional specific information that raises a genuine dispute over the material facts.
- d. GSA Notification. The House reserves the right to notify GSA if the Contractor is suspended, debarred or proposed for suspension or debarment by the House.
- e. GSA Suspension and Debarment. After being listed on the System for Award Management ("SAM"), the House shall not solicit offers from, award contracts to or consent to subcontracts with the listed contractor, unless the House's Chief Administrative Officer determines that there is a compelling reason for such action. Furthermore, contractors listed on SAM are excluded from conducting business with the House as agents or representatives of other contractors.
- f. Debarment. If debarred, the Contractor is excluded from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, for a defined period of time, generally not to exceed three (3) years.
  - i. *Procedures*. If the Contractor and any specifically named affiliates are proposed for debarment, the House shall advise the individual or company immediately by certified mail, return receipt requested:

<b>Solicitation</b>	<b>Document No.:</b> OAM19015S	<b>Document Title:</b> Archiving System	<b>Page 11</b>
---------------------	-----------------------------------	--------------------------------------------	----------------

1. that debarment is being considered;
2. of the reasons for the proposed debarment in terms sufficient to put the Contractor on notice of the conduct or transaction(s) upon which it is based;
3. of the cause(s) relied upon for proposing debarment;
4. that, within thirty (30) calendar days after receipt of the notice, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;
5. of the effect of the issuance of the notice of proposed debarment;
6. of the potential effect of an actual debarment; and
7. of the House's procedures governing debarment decision-making.

The decision of the Chief Administrative Officer on the merits of a debarment shall be final. A decision may be appealed by the Contractor to the Committee on House Administration, in writing, within ten (10) calendar days of receipt of notification of the decision. However, the only basis for appeal is that the Chief Administrative Officer failed to follow the procedures established herein. No other basis for appeal will be considered by the Committee on House Administration.

- ii. *Notice.* In the event that the Chief Administrative Officer makes a determination to impose debarment, the House shall give the Contractor and any subcontractors affiliated with the project prompt notice by certified mail, return receipt requested:
  1. referring to the notice of proposed debarment;
  2. specifying the reasons for debarment; and
  3. stating the period of debarment, including effective dates.

#### F.6 PAYMENT FOR NON-PERFORMANCE APRIL 2013

- a. General. If the Contractor fails to comply with this Contract or any extension, the House may terminate this Contract under the termination clause of the Contract. The Contractor shall be liable for fixed, agreed damages as provided for in this clause, accruing until the time the House may reasonably obtain delivery or performance of similar services.
- b. Payment for Non-Performance. In the event that the Contractor fails to perform as stipulated in this Contract, and such failure is not for a reason beyond the control of the Contractor, the House may charge the Contractor twice the daily billed amount to the House for the applicable service(s) provided, or in the case of goods, the value of the goods/equipment, multiplied by the number of calendar days of late delivery. The House may also obtain payment equal to the costs incurred by the House to rectify, mitigate and repair the damages caused by the Contractor's failure to comply and/or perform. The House may obtain performance from another source and charge and collect all administrative costs incurred with entering in to a new contract plus the increase in costs to the House of the new plan, if higher than the billing rate of the non-performing and/or non-compliant Contractor.

The Contractor must assert its right to an adjustment under this clause within thirty (30) calendar days from the date of receipt of the written order. #### TERMINATION

DECEMBER 2014

- a. Termination for Convenience of the House. The House may terminate, in whole or in part, the performance of work under this Contract for its convenience at any time by providing written notice to the Contractor ("Notice of Termination"). The Contractor will use generally accepted accounting principles that are in accordance with auditing standards promulgated by the International Accounting Standards Board, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to or determined under this clause. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

In the event of termination for cause, the House shall not be liable to the Contractor for any amount for goods or services not accepted, and the Contractor shall be liable to the House for any and all rights and remedies provided by law. Generally, after the written notice and prior to terminating this Contract for default, the House will provide the Contractor five (5) calendar days to cure the defective performance; however, if the defective performance results in a breach of information security, substantial harm to the House, or a failure to meet the delivery schedule, the House reserves the right to immediately terminate this Contract for default, without providing the Contractor a cure period. The Contractor agrees to immediately remove, at the Contracting Officer's request, any employee or subcontractor employee deemed unsuitable or unfit by the CAO from work under this Contract.
- c. Frequency. ## SECTION M -- EVALUATION FACTORS FOR AWARD

### M.1 EVALUATION FACTORS FOR AWARD APRIL 2013

- a. Proposals will be evaluated based on the following evaluation factors:

Factor 1- Technical Approach including Product Capabilities

- The House receives the right to conduct vendor presentations/product demonstration as part of the evaluation process.

Factor 2 - Company Experience and Capabilities

Factor 3 - Past performance

Factor 4 - Price

- b. Risk Assessment. Price proposals will be evaluated to identify and assess potential risks, which may be inherent in the Offeror's approach.
- c. Price Realism. Proposed pricing will be evaluated not only to determine if the price is reasonable and affordable, but may also be evaluated to determine if the pricing is realistic and reflects an understanding of the requirements. The proposal is presumed to represent the Offeror's best efforts to respond to the solicitation. Any inconsistency, whether real or apparent between promised performance and price, must be explained in the proposal. For example, if unique and new approaches are the basis for an abnormally low estimate, the nature of these approaches and their impact on price must be explained. Any significant inconsistency, if unexplained, raises a fundamental issue of the Offeror's understanding of the nature and scope of the work required. It also may reflect on the Offeror's ability to perform the contract within the financial restraints and may be cause for rejection of the proposal. The burden of proof as to price credibility rests with the Offeror.

### M.2 BASIS FOR AWARD APRIL 2013

- ☒ Best Value. Award is based on the proposal which is determined to be most advantageous to the House. Non-price factors, when combined, may be more important than price.

- ☐ Low Price, Technically Acceptable. Award will be made to the lowest priced proposal of those proposals determined to be technically acceptable.

### M.3 CONTRACT AWARD APRIL 2013

- a. The House intends to make one award resulting from this solicitation to the responsible Offeror(s) whose offer conforms to this solicitation, taking into account the factors contained in M.1 "Evaluation Factors for Award."
- b. The House may:
- i. reject any or all offers, if such action is in its interest;
  - ii. waive informalities and minor irregularities in offers received.
- c. The House intends to evaluate proposals and to award without discussions. Therefore, each initial offer should contain the Offeror's best terms. However, the Contracting Officer reserves the right to conduct discussions if they are later determined to be necessary.
- d. The House will evaluate proposals (or quotations) and determine which are the most highly rated and eligible for inclusion in a competitive range relying on the merits of each offer. The House may further reduce the range for purposes of efficiency.
