SECTION C – DESCRIPTION/SPECIFICATIONS/SCOPE OF SERVICES

C.1 BACKGROUND:

The United States House of Representatives (House), Office of the Chief Administrative Officer (CAO), is issuing this solicitation pursuant to Section III (F) of the Guidelines for Procurement of Goods and Services for the U.S. House of Representatives (Procurement Guidelines), Competitive Proposals (Negotiated Contracts). The Procurement Guidelines are available on the House website, www.house.gov, Doing Business with the House, under Additional Resources. Procurements by the House are **not** governed by the Federal Acquisition Regulation (FAR) or other procurement statutes, regulations and policies applicable to the federal executive branch, except where specifically stated in this solicitation or applicable law.

The House is comprised of 435 elected Members of Congress, five elected Delegates, one elected Resident Commissioner, 21 Committees (with over 100 subcommittees), four Joint Committees with the U.S. Senate, nine Leadership offices, and numerous support offices, including the Office of the CAO. For further information about the general organization of the House, see the House website, www.house.gov. For purposes of this solicitation, references to Members also include Delegates and the Resident Commissioner.

The CAO provides a range of technical and administrative services for the House, including finance, logistics, acquisitions and information technology support. The CAO also operates the House Recording Studio (HRS), which provides videotape and audio recording facilities, available for broadcast and distribution in an array of formats and delivery methods from basic radio and television, to the latest satellite and Web technologies, for use primarily by Members in connecting with their constituents. The House Recording Studio also provides live coverage of House floor proceedings and Committee and Subcommittee hearings.

C.2 OBJECTIVE:

HRS is seeking to procure the services of a qualified firm to provide consulting, design, construction, installation, and potential lighting for two broadcast facility studio multi-use sets/backgrounds. The current studio sets are decades old and need to be updated to modern standards while still being capable of providing multi-use interview sets and backgrounds with decorum appropriate for use by the Members of the House to communicate with their constituents and media.

C.3 CURRENT WORKFLOW:

The two current studios have backgrounds and sets supporting three camera productions, teleprompter, and full lighting grids. Backgrounds include choices of books, day/night Capitol backdrops, monitors, portable green screen, blue and black curtains, faux brick and paint backdrops, plants, flags, and official House seals. The major background feature currently in both studios is a backlit 10’x12’ day and night Capitol which raises and lowers either manually or with electric winch. Typical usage includes single Member statements, remote satellite interviews, two-person interviews, full- feature moderated programming with up to five people on set at a time, and stand-up comments and interviews. The larger Studio “A” has a current space approximately 24’x27’ and the smaller Studio “B” is approximately 19’x27’. Each studio includes two corners, flat floors, teleprompter stations, portable playback monitors, and abundant power and lighting grids in the ceiling. Both studios have windows in the back isolating the Control rooms from the studios.

C.3 REQUIREMENTS

HRS requires a package that includes both consulting/design services, as well as the construction/installation and lighting of two multi-use television studios provided to Members and Committees of the House for official communications to their constituents and media.

Solicitation	Document No.: OAM22010S	Document Title: House Recording Studio Sets and Backgrounds Services	Page 6
---------------------	-----------------------------------	--	-----------------

The goal is to get the most out of our space and make it easy to go from someone standing behind a podium to a 2–3-person interview without having to move tons of furniture. The major achievement to accomplish from this redesign would be for the larger of the two studios have multiple set pieces that would blend together. For example, one large set that could be used in its entirety or possibly be used as two or three different individual sets. Ideally, the same set can be used in the smaller studio but realize it would likely only be able to have only two set options, something that would use the corner and two walls.

The following are required for each studio set:

- Multiple use single and interview sets for one to five “on set” participants.
- Flexibility and quick setups for set changes.
- Desk area and standup areas for single interview situations.
- Backgrounds and sets that can present both modern and traditional looks that will age well into the future.
- Both day and night background potential
- Inclusion of monitoring or green screen for background display(s).
- Sets must be ADA compliant and accessible
- Lighting scheme adaptable to all potential set changes.
- Ability to conceal all microphone cables from camera views
- Design must accommodate room for three studio cameras, teleprompter operator station, and portable playback monitor.
- Studios must accommodate storage for un-used sets/furnishings as other storage is not available
- green screen for virtual backgrounds
- monitor(s) that could display different images or videos
- ability to use a background image or possibly a smaller bookshelf

C.4 OTHER VENUE NOTES:

- HVAC and power considerations will be managed by in-House entities
- Some furniture may be provided by HRS
- Work is to be installed in a Federal Facility. Access to current Studios would be granted to qualified bidders for consultation/design/installation needs
- HRS can provide flags, official seals, memorabilia etc.
- HRS may provide basic wall painting if determined to be required
- Current sets include substantial bookcases, curtains, and backdrops that may be removed by HRS if required.

NOTE: The construction and installation phase for the two rooms cannot be completed simultaneously. See Section F.1 Period of Performance for more information.

- v. knowing failure by a principal, until three (3) years after final payment on any Government contract awarded to the Contractor, to timely disclose to the Contracting Officer, in connection with the award, performance or closeout of the contract or subcontract thereunder, credible evidence of a: (A) violation of Federal criminal law involving fraud, conflict of interest, bribery or gratuity violations found in Title 18 of the United States Code; (B) violation of the civil False Claims Act (31 U.S.C. 3729-3733); or (C) significant overpayment(s) on the Contract; or
- vi. commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects the present responsibility of the Government contractor or subcontractor.

Indictment for any of the causes listed above constitutes adequate evidence for suspension and/or debarment. The House may, upon adequate evidence, also suspend a contractor for any other cause so serious or compelling a nature that it affects the present responsibility of the Government contractor or subcontractor.

- c. Suspension. If suspended, the Contractor is temporarily disqualified from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, pending the completion of an investigation and any ensuing legal proceeding(s).
 - i. *Procedures*. The Contracting Officer initiates suspension and debarment proceedings. If the Contractor and any specifically named affiliates are suspended, the Contracting Officer shall advise the individual or company immediately by certified mail, return receipt requested:
 1. that the individual or company has been suspended and that the suspension is based on an indictment or other adequate evidence that the Contractor has committed irregularities: (A) of a serious nature in business dealings with the House; or (B) seriously reflecting on the propriety of further House dealings with the Contractor. Any such irregularities shall be described in terms sufficient to place the Contractor on notice without disclosing the House's evidence;
 2. that the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue;
 3. of the cause(s) relied upon for imposing suspension;
 4. of the effect of the suspension; and
 5. that, within thirty (30) calendar days after receipt of the notice of suspension, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the suspension, including any additional specific information that raises a genuine dispute over the material facts.
- d. GSA Notification. The House reserves the right to notify GSA if the Contractor is suspended, debarred or proposed for suspension or debarment by the House.
- e. GSA Suspension and Debarment. After being listed on the System for Award Management ("SAM"), the House shall not solicit offers from, award contracts to or consent to subcontracts with the listed contractor, unless the House's Chief Administrative Officer determines that there is a compelling reason for such action. Furthermore, contractors listed on SAM are excluded from conducting business with the House as agents or representatives of other contractors.
- f. Debarment. If debarred, the Contractor is excluded from contracting with the House as a prime and/or House-approved subcontractor, in full or in part, for a defined period of time, generally not to exceed three (3) years.

Solicitation	Document No.: OAM22010S	Document Title: House Recording Studio Sets and Backgrounds Services	Page 11
---------------------	-----------------------------------	--	------------------

- i. *Procedures.* If the Contractor and any specifically named affiliates are proposed for debarment, the House shall advise the individual or company immediately by certified mail, return receipt requested:
1. that debarment is being considered;
 2. of the reasons for the proposed debarment in terms sufficient to put the Contractor on notice of the conduct or transaction(s) upon which it is based;
 3. of the cause(s) relied upon for proposing debarment;
 4. that, within thirty (30) calendar days after receipt of the notice, the Contractor or its representative may submit to the Chief Administrative Officer, in writing or in person, information and argument in opposition to the proposed debarment, including any additional specific information that raises a genuine dispute over the material facts;
 5. of the effect of the issuance of the notice of proposed debarment;
 6. of the potential effect of an actual debarment; and
 7. of the House's procedures governing debarment decision-making.

The decision of the Chief Administrative Officer on the merits of a debarment shall be final. A decision may be appealed by the Contractor to the Committee on House Administration, in writing, within ten (10) calendar days of receipt of notification of the decision. However, the only basis for appeal is that the Chief Administrative Officer failed to follow the procedures established herein. No other basis for appeal will be considered by the Committee on House Administration.

- ii. *Notice.* In the event that the Chief Administrative Officer makes a determination to impose debarment, the House shall give the Contractor and any subcontractors affiliated with the project prompt notice by certified mail, return receipt requested:
1. referring to the notice of proposed debarment;
 2. specifying the reasons for debarment; and
 3. stating the period of debarment, including effective dates.

F.6

PAYMENT FOR NON-PERFORMANCE

APRIL 2013

- a. General. If the Contractor fails to comply with this Contract or any extension, the House may terminate this Contract under the termination clause of the Contract. The Contractor shall be liable for fixed, agreed damages as provided for in this clause, accruing until the time the House may reasonably obtain delivery or performance of similar services.
- b. Payment for Non-Performance. In the event that the Contractor fails to perform as stipulated in this Contract, and such failure is not for a reason beyond the control of the Contractor, the House may charge the Contractor twice the daily billed amount to the House for the applicable service(s) provided, or in the case of goods, the value of the goods/equipment, multiplied by the number of calendar days of late delivery. The House may also obtain payment equal to the costs incurred by the House to rectify, mitigate and repair the damages caused by the Contractor's failure to comply and/or perform. The House may obtain performance from another source and charge and collect all administrative costs incurred with entering in to a new contract plus the increase in costs to the House of the new plan, if higher than the billing rate of the non-performing and/or non-compliant Contractor.

A claim by the Contractor shall be decided by the Contracting Officer, who shall reduce the decision to writing and mail or otherwise furnish a copy of the final decision to the Contractor. The Contracting Officer's decision on the dispute shall be final unless the Contractor appeals to the Chief Administrative Officer as set forth below.
- b. Appeal to Chief Administrative Officer. Within thirty (30) calendar days from the receipt of a Contracting Officer's final decision, the Contractor may appeal the decision in writing by mail to the Chief Administrative Officer. MODIFICATIONS

DECEMBER 2014

- a. No amendment, change or modification to this Contract shall be effective or enforceable unless it is in writing and signed by both parties (except that administrative changes may be effected in writing and signed by the Contracting Officer (as described in the “Change Orders” clause in this Contract)).
- b. The Contracting Officer may at any time, by written order make changes within the general scope of this Contract in any one (1) or more of the following: (a) drawings, designs or specifications when supplies/equipment to be furnished are to be specifically manufactured for the House in accordance with the drawings, designs or specifications; (b) method of shipment or packing; or (c) place of delivery/performance. If any such change causes an increase or decrease in the cost or, or the time required for, performance of any part of the work under this Contract, the Contracting Officer shall make an equitable adjustment in the contract price, the delivery/performance schedule, or both, and shall modify this Contract. The Contractor must assert its right to an adjustment under this clause within thirty (30) calendar days from the date of receipt of the written order. Failure to agree to any adjustment shall be a dispute under the “Disputes” clause in this Contract. However, nothing in this clause shall excuse the Contractor from proceeding with the Contract as changed.

G.12

TERMINATION

DECEMBER 2014

- a. Termination for Convenience of the House. The House may terminate, in whole or in part, the performance of work under this Contract for its convenience at any time by providing written notice to the Contractor (“Notice of Termination”). After receipt of a Notice of Termination, and except as directed by the House, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause:
 - i. stop work as specified in the Notice of Termination;
 - ii. place no further subcontracts or orders for goods, equipment or services, except as necessary to complete any continuing portion of this Contract;
 - iii. terminate all subcontracts and orders to the extent they relate to the work terminated;
 - iv. settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts and orders; and
 - v. diligently continue to perform any work not terminated.
- b. Payments. Unless otherwise set forth in this Contract, if the Contractor and the House fail to agree on the amount to be paid because of the termination for convenience, the House will pay the Contractor the percentage of the Contract price reflecting the percentage of the work performed prior to the Notice of Termination, plus reasonable termination-related charges the Contractor can demonstrate to the satisfaction of the Contracting Officer using the Contractor’s standard record keeping system. The Contractor will use generally accepted accounting principles that are in accordance with auditing standards promulgated by the International Accounting Standards Board, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to or determined under this clause. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.
- c. Termination for Default/Cause. The House may, with written notice of default to the Contractor, terminate this Contract in whole or in part for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any Contract term or condition, or fails to provide the House, upon request, with adequate assurances

Solicitation	Document No.: OAM22010S	Document Title: House Recording Studio Sets and Backgrounds Services	Page 17

of future performance. In the event of termination for cause, the House shall not be liable to the Contractor for any amount for goods or services not accepted, and the Contractor shall be liable to the House for any and all rights and remedies provided by law. Generally, after the written notice and prior to terminating this Contract for default, the House will provide the Contractor five (5) calendar days to cure the defective performance; however, if the defective performance results in a breach of information security, substantial harm to the House, or a failure to meet the delivery schedule, the House reserves the right to immediately terminate this Contract for default, without providing the Contractor a cure period. The Contractor shall diligently continue to perform the work not terminated. If it is determined that the House improperly terminated this Contract for default/cause, such termination shall be deemed a termination for convenience. All disputes arising under or related to this Contract shall be resolved under the provisions of this Contract and the procedures set forth in the "Disputes" section in the *Procurement Instructions for the U.S. House of Representatives*, which shall be provided upon request.

This report must be signed and dated by a Contractor Human Resources Director or Manager. For Contractor employees and subcontractor employees placed on this contract after the initial report submission, the Contractor must complete the CAO Contractor/Contract Employee Registration Form (available on www.house.gov). This form must be signed and

---------------------	-----------------------------------	--	------------------

dated by a Contractor Human Resources Director/Manager or Executive in the Contractor’s corporate office, and presented to the COR prior to the COR initiating the background check.

- b. Background Checks. All Contractor employees and subcontractor employees working on this Contract will go through a background check conducted by the U.S. Capitol Police. The COR will provide the Contractor with Capitol Police forms (CP-491 or equal) to be filled out and returned for each Contractor employee and subcontractor employee working in any capacity on this Contract. Forms for each Contractor employee and subcontractor employee working on this Contract must be submitted prior to the commencement of work and early enough so adjudication of the results by the CAO can occur prior to the commencement of this Contract. If CAO Human Resources, after having processed the forms, determines at any time that the Contractor employee or subcontractor employee is unsuitable or unfit for assigned duties, CAO Human Resources will notify the COR and the Contracting Officer. The Contractor agrees to immediately remove, at the Contracting Officer’s request, any employee or subcontractor employee deemed unsuitable or unfit by the CAO from work under this Contract.
- c. Frequency. All Contractor employees and subcontractor employees working on this Contract are required to go through a background check by the U.S. Capitol Police and be cleared by the CAO every three (3) years. Additional background checks may be conducted on such Contractor and subcontractor employees at any time as warranted.
- d. Security Clearance. Contractor employees and subcontractors must be able to obtain and/or maintain a Federal government security clearance and/or pass additional background checks/investigations if access to “House Sensitive Information” (as described in HISPOL 002.0, which is available upon request) is required under the terms of this Contract. Individual House Offices or CAO Business Units may require an Office of Personnel Management Extended Background Investigation or other security clearance, as deemed necessary, at the cost to the Contractor.

H.23

If unescorted access is required outside of normal public building visitor hours, and access to the House network or House Sensitive Information will occur, or as determined by the COR, all Contractor employees and subcontractor employees requiring access shall obtain a House identification badge issued by the House Sergeant at Arms before the Contractor employee or subcontractor employee begins work under this Contract or subcontract. Although subject to change, public building visitor hours are Monday to Friday 7:00 a.m. to 7:00 p.m., and Saturday 7:00 a.m. to 1:00 p.m., excluding Federal holidays. House identification badges will not be issued to a Contractor employee or subcontractor employee unless the Capitol Police background check (CP-491 or equal) forms are submitted and approved.
- b. Return Policy. The Contractor shall ensure that each Contractor employee and subcontractor employee promptly surrenders his or her House identification/access badge to the COR upon termination of employment or when that employee’s performance is no longer required under this Contract. The Contractor agrees to pay a fee of one hundred dollars (\$100.00) per week per badge for failure of the Contractor, a Contractor employee or subcontractor employee to comply with this obligation.
- c. Final Payment. Final payment will reflect a reduction for the fee and will not be made under this Contract until all House identification badges that were issued under this Contract have been returned to the COR, who will give them to CAO Human Resources.
- d. Lost or Stolen Badges. If a badge is lost or stolen, the contractor must complete a police report and provide a copy of the report to the COR or POC. In such cases, the fee may be waived.

Approvals of Contractor requests to substitute Key Personnel for reasons other than illness, death or termination of employment shall be granted sparingly and in all instances predate the actual substitution by no fewer than fourteen (14) calendar days. In the event of a substitution, the Contractor is solely responsible for ensuring that there is a sufficient knowledge transfer to minimize delays in continuing the work being performed by the resource. Substitutions to Key Personnel shall have qualifications equal to or superior to those of the approved resource.
- c. Training and Orientation. If the House is paying the Contractor on a time-and-materials or labor-hour basis for Key Personnel, the following shall apply: for a period of time determined by the COR, but in no event more than ten (10) business days, the Contractor shall bear the cost of training and orientation of a replacement resource by the House so that the replacement resource can resume the services performed for the House at the same point and with the same efficiency as the resource being substituted (at which time the Contractor may commence billing the House for the services of the substituted resource).

The Contractor must avoid strictly any conflict of interest or even the appearance of a conflict of interest in connection with this Contract. The Contractor shall not have organizational conflicts of interest that would diminish its capacity to provide impartial, technically sound, objective assistance, or would result in a biased work product, or might result in an unfair competitive advantage.
- i. Contracting with organizations owned in whole or in part by federal government employees. An organizational conflict of interest exists when the Contractor is owned in whole or in part by federal government employees, regardless of whether the personnel are employed by the federal governmental entity where the proposal, quotation, bid, or offer is being submitted. Whenever there could be a perceived conflict of interest resulting from direct ownership the contracting officer shall be notified immediately. Ownership through a 401(k) or other substantially similar investment or retirement vehicle where no direct involvement in the organization is or can be exercised shall not be deemed a conflict.

- b. Non-Use and Non-Disclosure of Confidential Information. The Contractor shall not, except as required by judicial order or governmental laws or regulations, during or subsequent to the term of this Contract (i) use Confidential Information for any purpose whatsoever other than the performance of Contractor in providing the services, or (ii) disclose Confidential Information to any third party. It is understood that Confidential Information shall remain the sole property of the House. The Contractor shall take all reasonable precautions to prevent any unauthorized use or disclosure of Confidential Information. To the extent the Contractor feels it needs to disclose Confidential Information, it may do so only after obtaining written authorization from the Contracting Officer. The Contractor shall notify the COR immediately in the event of any loss of or unauthorized access to Confidential Information and shall use all efforts to mitigate the effect of such loss and to recover all Confidential Information.
- c. Return of Confidential Information. SECTION M -- EVALUATION FACTORS FOR AWARD

M.1 EVALUATION FACTORS FOR AWARD APRIL 2013

- a. Proposals will be evaluated based on the following evaluation factors:
- Factor 1** - Technical Approach including Product Capabilities
 - The House receives the right to conduct vendor presentations/product demonstration as part of the evaluation process.
 - Factor 2** - Company Experience and Capabilities
 - Factor 3** - Past performance
 - Factor 4** - Price
- b. Risk Assessment. Price proposals will be evaluated to identify and assess potential risks, which may be inherent in the Offeror's approach.
- c. Price Realism. Proposed pricing will be evaluated not only to determine if the price is reasonable and affordable, but may also be evaluated to determine if the pricing is realistic and reflects an understanding of the requirements. The proposal is presumed to represent the Offeror's best efforts to respond to the solicitation. Any inconsistency, whether real or apparent between promised performance and price, must be explained in the proposal. For example, if unique and new approaches are the basis for an abnormally low estimate, the nature of these approaches and their impact on price must be explained. Any significant inconsistency, if unexplained, raises a fundamental issue of the Offeror's understanding of the nature and scope of the work required. It also may reflect on the Offeror's ability to perform the contract within the financial restraints and may be cause for rejection of the proposal. The burden of proof as to price credibility rests with the Offeror.

M.2 BASIS FOR AWARD APRIL 2013

- Best Value. Award is based on the proposal which is determined to be most advantageous to the House. Non-price factors, when combined, may be more important than price.

Low Price, Technically Acceptable. Award will be made to the lowest priced proposal of those proposals determined to be technically acceptable.

M.3 CONTRACT AWARD APRIL 2013

- a. The House intends to award one contract resulting from this solicitation to the responsible Offeror(s) whose offer conforms to this solicitation, taking into account the factors contained in M.1 "Evaluation Factors for Award."
- b. The House may:
 - i. reject any or all offers, if such action is in its interest;
 - ii. waive informalities and minor irregularities in offers received.
- d. The House intends to evaluate proposals and to award without discussions. Therefore, each initial offer should contain the Offeror's best terms. However, the Contracting Officer reserves the right to conduct discussions if they are later determined to be necessary.
- e. The House will evaluate the proposal and determine which are the most highly rated and eligible for inclusion in a competitive range relying on the merits of each offer. The House may further reduce the range for purposes of efficiency.
- f. No assumptions or deviations from the House Terms and Conditions or the Clauses found within the solicitation will be accepted. Any proposal with assumptions and/or deviations to the terms and conditions is deemed non-responsive to the solicitation and will receive no further consideration.
